

### **Former Employee Access – VOE (Verification of Employment)**

Former employees can verify employment for loans, jobs, etc. on [UCPath Online](#). To do this, they need to register for Former Employee Access once their location has finalized the separation with UCPath. Prior to leaving UC, employees should add their non-business email address to their [UCPath Online](#) profile. If that email address is not correct or is blank once they leave UC, they can call UCPath at 855-982-7284 to request a Former Employee welcome letter to register for access.
