UCI UCPath
Benefits and Efficiencies

Learn more about what changes after UCPath gets implemented.

1 CONSISTENCY & GROWTH

UCPath replaces a nearly 40 year-old system, will provide consistency, and support growth across all of the University of California campuses.

2 AUTOMATION & SYSTEMATIC PROCESSES

Automation that lessens errors and reduces correction activities. Processes will be done more systematically, including an automated approval process.

3 GREATER EFFICIENCY & STANDARDIZATION

Some calculations that are currently done manually will be calculated by the system, providing increased efficiency.

Greater consistency and standardization of practices and processes across UCs.

4 ONE CENTRAL LOCATION

All information related to employees pay and benefits in the same place, consistent across all campuses.

5 ENHANCED EMPLOYEE EXPERIENCE

Upgraded self-service portal, and streamlined inter-location transfer process.

Dedicated shared service center will process routine transactions for all UC locations.
